

## TASK

On a horizontal A4 sheet, draw an iceberg like the one below. You know that only about one tenth of its volume is above the waterline.

The 20 items in the list below are all features of culture. Put each feature “above” or “below”.

What is obvious, belongs above the waterline, while the other aspects are unseen and go below. (The number of words above ‘the waterline’ may be more than just 2.)

When you have finished at least 15 out of 20, discuss your results with your partner.
